INTRODUCTION

Dear Special Education Teacher/Related Services Provider,

This questionnaire is an important part of a major longitudinal study of children's early educational experiences beginning with kindergarten and continuing through grade 5. The **Early Childhood Longitudinal Study, Kindergarten Class of 2010-2011 (ECLS-K:2011)** is collecting information from the special education teachers/related service providers of sampled children who have Individual Education Programs (IEPs) to investigate the relationship between the children's academic progress and various school, classroom, teacher, and home characteristics. This questionnaire collects information about your background and your work in this school with children with disabilities.

Taking part in the study is voluntary. You may stop at any time or choose not to answer a question you do not want to answer. However, only you can provide this information. Although we realize you are very busy, we urge you to complete this questionnaire as completely and accurately as possible. The information you provide is being collected for research purposes only and will be protected from disclosure to the fullest extent allowable by law. Information from multiple individuals will be combined to produce statistical reports; no information that identifies you will be included in any reports or provided to students, their parents, or other school staff.

THANK YOU VERY MUCH FOR YOUR HELP.
